Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1064415

*Exercises: Databases - Projection, Personal Learning Environment*

Missing descriptions of the work, make it very difficult to see what's going on  
Screen shots without SQL are hopeless!!

*Exercises: Databases - Selection, Ordering, Link Management*

A few of these are done

*Exercises: Databases - Join, Outer Join, DDL and DML*

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good effort at the HTML and CSS

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Some of these are here, but more needed

*Exercises: PHP - functions, new dept form and response, update emp value*

Good attempt at most of the CRUD

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Some done, some missing

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

*General Comments*

What happened between weeks 8-13? Missing in Action?! You could have done much better if you had worked more consistently. The first part of the PHP is good but let down by the missing later parts

Overall Mark:

55 %

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k0521265

*Exercises: Databases - Projection, Personal Learning Environment*

Good examples and PLE here

*Exercises: Databases - Selection, Ordering, Link Management*

Good selection examples

*Exercises: Databases - Join, Outer Join, DDL and DML*

Did the inner join examples - but not the harder ones?

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good HTML and CSS examples

Didn't try the FOB redesign?

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Very good here

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Good forms and response pages

*Exercises: PHP - functions, new dept form and response, update emp value*

Good function demonstrations

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Good CRUD attempts

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

*General Comments*

Many very good examples and solutions, demonstrating a lot of work.

Overall Mark:

76 %

**Business Internet Systems**

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k0717188

*Exercises: Databases - Projection, Personal Learning Environment*

Very well presented and organised solutions

*Exercises: Databases - Selection, Ordering, Link Management*

Again, Very well presented and organised solutions

*Exercises: Databases - Join, Outer Join, DDL and DML*

Good solutions, but tagging would have made your work visible for others

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good HTML and CSS - although you should really have had a go at the FOB exercise

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good set here

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

These are full and complete - good here

*Exercises: PHP - functions, new dept form and response, update emp value*

Good form solutions and the part of the CRUD

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Good CRUD solutions

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Missing? You could have had a go at these

**General Comments**

It's a shame that you didn't really participate over a longer period, as you may have got more out of the process.

Overall Mark:

70 %

**Business Internet Systems

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1248039

*Exercises: Databases - Projection, Personal Learning Environment*

Very strange ordering here! I hope you learnt this stuff in sequence  
Good solutions here

*Exercises: Databases - Selection, Ordering, Link Management*

These are appropriate

*Exercises: Databases - Join, Outer Join, DDL and DML*

Completed the inner joins - outer joins missing?

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good HTML and CSS solutions

Well done on trying the FOB exercise (not many people tried it)

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good efforts here - lots of very good solutions

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Very good form demonstrations and response pages

*Exercises: PHP - functions, new dept form and response, update emp value*

Functions and DB solutions very good

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Good CRUD demos

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

*General Comments*

An excellent collection which demonstrates how hard you've worked. You have also collaborated well, responding to comments and reflecting on what's been posted. Very good

Overall Mark:

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k0807208

*Exercises: Databases - Projection, Personal Learning Environment*

Good solutions here and in the use of the PLE

*Exercises: Databases - Selection, Ordering, Link Management*

These are good - no link management demos?

The iCloud demos would have been slightly more interesting if they had been done when they were given out (rather than in May)

*Exercises: Databases - Join, Outer Join, DDL and DML*

Hard joins attempted well

DDL / DML all included

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good HTML and CSS solutions

As you have done HTML and CSS I would expect you to do the FOB redesign

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good solutions here

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Forms done well

*Exercises: PHP - functions, new dept form and response, update emp value*

Solutions here

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Some CRUD solutions attempted

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Missing? I would have expected you to do these

**General Comments**

It's a shame that you didn't participate more online (and needed "reminding" about it a few times!), it also seems that you didn't attempt some of the more tricky exercises that would have stretched you a bit

Overall Mark:

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k0806101

*Exercises: Databases - Projection, Personal Learning Environment*

Good solutions, well presented

*Exercises: Databases - Selection, Ordering, Link Management*

All good here as well

*Exercises: Databases - Join, Outer Join, DDL and DML*

Did the harder joins well

The DDL/DML ones are good

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good this week

HTML and CSS very good

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Nice set of introductory solutions

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Good here - forms very nice

*Exercises: PHP - functions, new dept form and response, update emp value*

Very good set here

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Good CRUD attempts

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Didn't get this far?

**General Comments**

Your work is well presented and explained - which is why there isn't a lot to add above. It's a shame that you didn't get a chance to try the smarty or harder CSS material as it looks to me as if you could have done it quite well

Overall Mark:

Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1246302

*Exercises: Databases - Projection, Personal Learning Environment*

Good SQL, although solutions are all in strange order!

Did you upload them out of sequence?!

Good PLE

*Exercises: Databases - Selection, Ordering, Link Management*

Clean, clear solutions well presented

*Exercises: Databases - Join, Outer Join, DDL and DML*

Good inner - but no attempt at the harder outer ones?

DDL/DML all good

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Very good attempts at the HTML and CSS exercises

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good efforts here

Nice clear solutions although (again) uploaded all over the place!

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Good efforts here

*Exercises: PHP - functions, new dept form and response, update emp value*

Good efforts here

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Good attempts at bits of the CRUD

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

*General Comments*

Overall - lots of good work here - it's a shame that you didn't try some of the harder tasks as I think you could have done them

Overall Mark:

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1247093

*Exercises: Databases - Projection, Personal Learning Environment*

These all seem well implemented

*Exercises: Databases - Selection, Ordering, Link Management*

All good here

Good depth and breadth demonstrated

*Exercises: Databases - Join, Outer Join, DDL and DML*

Good attempts here

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good (and complete) set of SQL solutions

Good CSS solutions

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good solutions here

Good forms

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Good feedback forms

Good attempts at the conditional exercises

Slight issue with your commission solution (what happens if they earn 10000?!)

*Exercises: PHP - functions, new dept form and response, update emp value*

Functions good and varied

Good intro SQL/PHP code

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Very nice demonstrations of updated tables

CRUD implemented well

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Good attempt at most of the exercises

*General Comments*

Very good effort. Your CRUD solutions are very good

Overall Mark:

80 %

**Business Internet Systems  
2012/2013**

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1248342

*Exercises: Databases - Projection, Personal Learning Environment*

The ones that are here seem good - its just that there are lots missing

*Exercises: Databases - Selection, Ordering, Link Management*

A few here

*Exercises: Databases - Join, Outer Join, DDL and DML*

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Some of the HTML and CSS

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

A start..

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

A couple here

*Exercises: PHP - functions, new dept form and response, update emp value*

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

**General Comments**

This seems to be a poor representation of what you are capable of - most of the work presented here is fine - its just that there is not enough of it!

Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1208057

*Exercises: Databases - Projection, Personal Learning Environment*

Some of the earlier ones from this week and next are missing

*Exercises: Databases - Selection, Ordering, Link Management*

*Exercises: Databases - Join, Outer Join, DDL and DML*

Most of these are here and done well - didn't tr the harder one?

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good effort here, didn't try the FOB redesign?

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Some of these are here, but more needed

*Exercises: PHP - functions, new dept form and response, update emp value*

Good attempt at most of the CRUD

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Some done, some missing

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Could have done more here, but some of it is completed

*General Comments*

What happened between weeks 8-13? Missing in Action?! You could have done much better if you had worked more consistently

Overall Mark:

55 %

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1210945

*Exercises: Databases - Projection, Personal Learning Environment*

These all seem well implemented

*Exercises: Databases - Selection, Ordering, Link Management*

All good here

Good depth and breadth demonstrated

*Exercises: Databases - Join, Outer Join, DDL and DML*

Cracked the harder outer join one!

Inner and outer exercises very good

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Really very good (and complete) set of SQL solutions

Good CSS solutions

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good solutions here

Good forms

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Good feedback forms

Good attempts at the conditional exercises

Slight issue with your commission solution (what happens if they earn 10000?!)

*Exercises: PHP - functions, new dept form and response, update emp value*

Functions good and varied

Good intro SQL/PHP code

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Very nice demonstrations of updated tables

CRUD implemented well

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Watch out for case sensitivity

Good attempt at most of the exercises

*General Comments*

Very good effort. You have also provided a lot of support to others in your comments and approach

Overall Mark:

88 %

**Business Internet Systems**  
**2012/2013**

Lecturers Comments and Mark Sheet  
Scheduled Assignment

Module Code: BBM007

Students Name:

Kuid: k1266086

*Exercises: Databases - Projection, Personal Learning Environment*

Mostly completed

*Exercises: Databases - Selection, Ordering, Link Management*

Some here

*Exercises: Databases - Join, Outer Join, DDL and DML*

Lots of the join solutions are missing the correct join condition (pg 33 for example). Looks like these were a bit rushed

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

A good attempt at the HTML

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

Some of these done OK

*Exercises: PHP - functions, new dept form and response, update emp value*

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

A bit of these

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

Missing

**General Comments**

What happened between weeks 7 and 11? If you had done more of the exercises more regularly you would have found this much easier. Trying to cram lots of these into bursts of activity means that mistakes creep in.

Overall Mark:

52 %

**Business Internet Systems**

*Exercises: Databases - Projection, Personal Learning Environment*

These are all good

Lots of good solutions here

*Exercises: Databases - Selection, Ordering, Link Management*

Good efforts here

*Exercises: Databases - Join, Outer Join, DDL and DML*

Missing join condition on page 11? Thankfully corrected later (pg 15 onwards)

Managed the harder ones

*Exercises: Databases - functions, sub queries, HTML or CSS exercises, (Opt) FOB redesign*

Good efforts at the HTML and CSS solutions

Good function examples

No attempt at the FOB?

*Exercises: PHP - hello world, about me, phone minutes, HTML forms*

Good set of solutions here

*Exercises: PHP - feedback form and response, if and cancel buttons, comm calc, grade calc*

All good here

*Exercises: PHP - functions, new dept form and response, update emp value*

Good selection here

*Exercises: PHP - while, newspaper array, create, delete, update emp values*

Again - good selection here

*Exercises: PHP - Classes and Objects, (Opt) Smarty*

A bit of the smarty material?

*General Comments*

What an extraordinary pattern of activity in 4 big "lumps"!
